

The Preschool Bus Portal

www.preschoolbus.com.sg

Welcome to the Preschool Bus Portal! We aim to facilitate the efficient matching of your students' transportation needs with the various bus operators servicing your neighbourhood.

Once you have registered on the portal online, parents of students enrolled in your centre will be able to use the portal to request for bus transportation service from the available registered bus operators. The bus operator will quote the fare to the parents directly and if it is accepted, they will also be able to pay for the fare online via the portal.

As a centre operator, you will be able to see all the correspondence between your parents and the bus operators, and view all the fare transactions and payment details.

The portal is managed and operated by ASSETS. The bus operators are independent parties. There is no cost to join the portal. We will assist the bus operators to invoice the parents via the portal and payments must be made using credit card, for which a small servicing fee is required. In addition, please complete the Personal Data Protection Policy form as attached below.

REGISTRATION DETAILS

Name of Centre: _____ Select: Childcare / Kindergarten

Address: _____

_____ Postcode: _____ Tel : _____ HP: _____
